

FROM YOUR LOCAL VOLUNTEER FLOOD WARDEN

If you have lived in the village for some time you will be aware of the level of risk to your property, but if you are new to the area or are in any doubt as to your property risk then contact your local flood warden below.

The village operates a volunteer Flood Warden scheme, who help to ensure that residents in vulnerable locations are adequately warned and supported if flooding is likely to occur.

The wardens have limited resources, but if you have a need we can't meet, then we often know who can – **so ask.**

If you contact your Flood Warden and give your Email address, he/she will send you any flood updates and advice we receive.

Everyone living the lower part of the village is encouraged to subscribe to the Environment Agency's automated warning service. This can be done through the EA's web site, www.environment-agency.gov.uk or by calling the Floodline on the number below. Either of these sources can also be accessed to be informed about flood warnings at Purley.

EA 24hour Floodline: 0845 988 1188, Purley Quick Dial code is **171212**
